

Assignment - 4
Kubernetes/Docker

Assignment Date	30 october 2022
Student Name	Prasanna R
Student Roll Number	921319104150
Maximum Marks	2 Marks

Question-1:

1.Working with Docker and Kubernetes and deploying as Nodeport.

APP.py

```
from flask import Flask, render_template, request, url_for, flash, redirect
app = Flask(__name__)
app.config['SECRET_KEY'] =
'df0331cefc6c2b9a5d0208a726a5d1c0fd37324feba25506'
@app.route('/create/', methods=('GET', 'POST'))
def create():
    if request.method == 'POST': title =
        request.form['title'] content =
        request.form['content'] if not
        title:
            flash('Title is
            required!') elif not content:
            flash('Content is required!')
        else:
            messages.append({'title': title, 'content': content})
            name = "Pravin Kumar"
            return redirect(url_for('index', messages=name
            )) return render_template('create.html')
messages = [{'title': 'Message One(Auto
Generated)',
            'content': 'Format of the messages'},
            {'title': 'Message Two(Auto Generated)',
            'content': 'This is a sample message'}
            ]
@app.route('/')
def index():
    return render_template('index.html', messages=messages)
@app.route('/admin')
def hello_admin():
    return 'Hello Admin'
@app.route('/guest/<guest>')
def hello_guest(guest):
    return 'Hello %s as Guest' %
    guest @app.route('/user/<name>')
def hello_user(name):
    if name == 'admin':
```

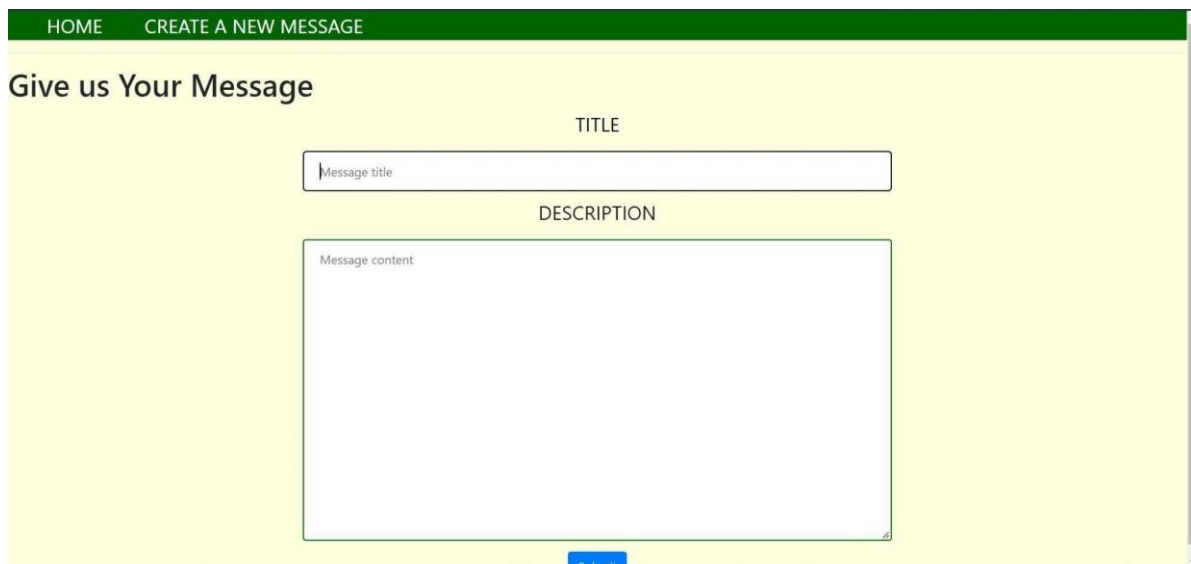

```
    return redirect(url_for('hello_admin'))
else: return redirect(url_for('hello_guest',guest =
    name))
```

```
if name == ' main ':
    app.run(host='0.0.0.0',
```

```
port=5000, debug=True) Output:
```

The screenshot shows a web application interface with a green header bar containing the links "HOME" and "CREATE A NEW MESSAGE". The main content area has a yellow background. At the top, it says "Hello Customer". Below this, the section "Your Messages" is displayed. There are two message entries, each in a grey box. The first entry has a title "TITLE : Message One(Auto Generated)" and a message "MESSAGE : Format of the messages". The second entry has a title "TITLE : Message Two(Auto Generated)" and a message "MESSAGE : This is a sample message".

The screenshot shows a web application interface with a green header bar containing the links "HOME" and "CREATE A NEW MESSAGE". The main content area has a yellow background. At the top, it says "Give us Your Message". Below this, there is a form with two fields. The first field is labeled "TITLE" and has a text input box with the placeholder text "Message title". The second field is labeled "DESCRIPTION" and has a text area with the placeholder text "Message content". At the bottom right of the form, there is a blue button labeled "Submit".
